air-Q[®]

Intubating Laryngeal Airways (ILA)

The everyday airway that's ready for the unexpected.

Striving
to be
**#1 IN PATIENT
SATISFACTION**

Competitive ILA

air-Q with
Epiglottis Elevator

Salter's expanding range of innovative products for airway management and capnography set the standard of performance and patient safety. Our products innovative features are designed by clinicians for clinicians for a difference you can see.

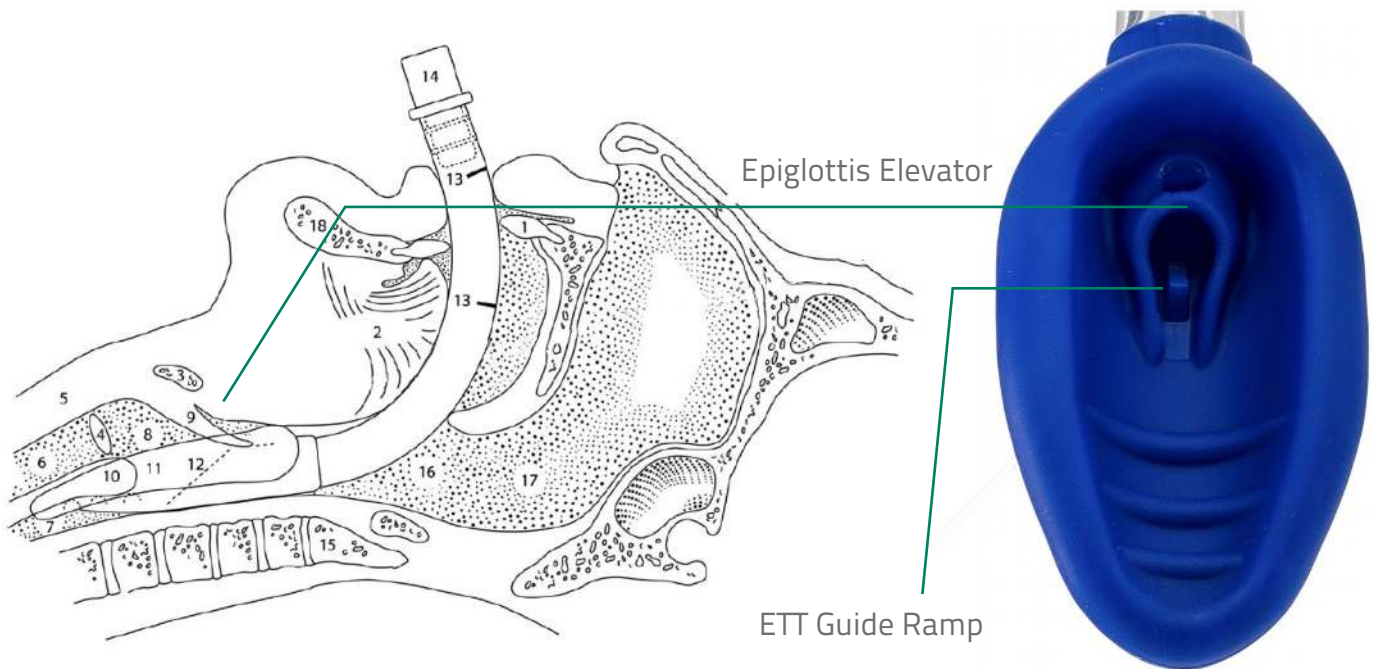

air-Q[®] Intubating Laryngeal Airways

SALTER LABS[®]
DESIGN INNOVATIONS FOR
RESPIRATORY AND AIRWAY CARE

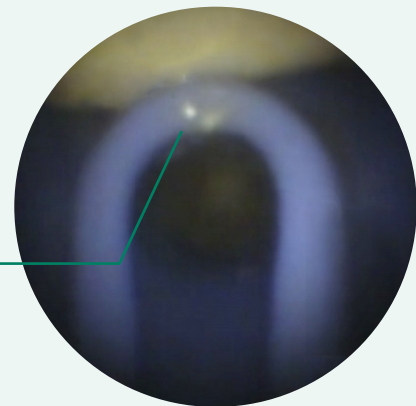

Perfect Placement Made Easy

Our unique intubating laryngeal airway includes an epiglottis elevator and raised heel to optimize airway placement and seal.

air-Q Intubating SGA Airway provides:

- Anatomically correct placement of the masked airway
- Lifting of the epiglottis to maximize access
- Guide ramp to assist with ETT insertion and placement

A Family of ILA's for All Your Needs

air-Q comes in 3 variants of intubating laryngeal airways that deliver safety and confidence in airway management, no matter what clinical challenges you face.

air-Q Standard

Traditional ILA for everyday case use that provides exceptional ease of ETT placement when unexpected intubation is required.

air-Qsp (Self-Pressurizing)

Utilizes your positive pressure ventilatory source to automatically inflate the cuff to form a seal without manual inflation. Ideal for spontaneous trigger ventilation.

air-Q Blocker

Traditional ILA features with added gastric access for cases where gastric reflux may be an issue. Ideal for use in the delivery room, emergency department and bariatric patients where ILA use is necessary.

All air-Q products come standard with:

- Color coded cap to for quick sizing and is removable to accept a wide range of ETTs
- Exclusive Epiglottis Ramp helps to maximize visualization and minimize airway resistance
- ET tube ramp helps direct scopes and ETT's directly to the trachea

air-Q Standard and air-Qsp available in single patient or reusable styles

Sizing Configurations, Kits and Accessories

air-Q is available in a wide range of sizes and kits to meet your needs for hospital and EMS use.

air-Q Disposable Intubating Laryngeal Airways (10/Box)

	Size	Color	Item	Size/Description	Maximum O.E.T.T. Size	Patient Weight
	1.0	Blue	10-3010	air-Q 1.0 Disposable	4.5	<7 kgs
	1.5	Green	10-3015	air-Q 1.5 Disposable	5.0	7-17 kgs
	2.0	Orange	10-3020	air-Q 2.0 Disposable	5.5	17-30 kgs
	2.5	Yellow	10-3025	air-Q 2.5 Disposable	6.5	30-50 kgs
	3.5	Red	10-3035	air-Q 3.5 Disposable	7.5	50-70 kgs
	4.5	Purple	10-3045	air-Q 4.5 Disposable	8.5	70-100 kgs

air-Q Reusable Intubating Laryngeal Airways (1/Pkg)

	Size	Color	Item	Size/Description	Maximum O.E.T.T. Size	Patient Weight
	0.5	Pink	10-1001	air-Q 0.5 Reusable	3.5	<4 kgs
	1.0	Blue	10-1010	air-Q 1.0 Reusable	4.5	4-7 kgs
	1.5	Green	10-1015	air-Q 1.5 Reusable	5.0	7-17 kgs
	2.0	Orange	10-1020	air-Q 2.0 Reusable	5.5	17-30 kgs
	2.5	Yellow	10-1025	air-Q 2.5 Reusable	6.5	30-50 kgs
	3.5	Red	10-1035	air-Q 3.5 Reusable	7.5	50-70 kgs
	4.5	Purple	10-1045	air-Q 4.5 Reusable	8.5	70-100 kgs

Sizing Configurations, Kits and Accessories

air-Q Disposable Airways/Lubricant/Syringe (10/Box)

	Size	Color	Item	Size/Description	Maximum O.E.T.T. Size	Patient Weight
	1.5	Green	10-3016	1.5 air-Q Disposable w/Lubricant & 10cc Syringe	4.5	7-17 kgs
